

ERROL JUSTINE C. CASBADILLO

Chino Roces Avenue., Makati City • 0916-431-3451 • erroljustinecasbadillo23@gmail.com
<https://jayeesh.github.io/Full-Stack-Developer/>

SUMMARY

Full-stack developer passionate about creating robust web solutions. Proficient in modern JavaScript ecosystems including React.js for dynamic front-end development, and Node.js with Express.js and Nest.js for scalable back-end architectures.

Experienced with multiple database technologies including MySQL, PostgreSQL, and MongoDB, enabling flexible data management solutions. Skilled in PHP development with Laravel framework.

Frontend expertise includes modern CSS frameworks (Tailwind CSS, Bootstrap) for responsive and aesthetic user interfaces. Committed to best practices in version control (Git) and containerization (Docker) for streamlined development workflows.

Always eager to learn and implement new technologies to build efficient, scalable web applications.

WEB PROJECTS

- **Note Application:** Using MERN stack, JavaScript, React.JS, Express.JS, Node.JS and MongoDB
- **Todo List:** Using Nest.Js, TypeScript, React.JS, GraphQL, Apollo and MongoDB
- **Travel Blogging Website:** Using HTML, CSS, Node.Js, Express.Js and SQLite.
- **Library Management System:** Using HTML, CSS, JavaScript, PHP and MySQL.
- **Pokemon Pokedex:** Using HTML, CSS, JavaScript and React.Js

CERTIFICATES

Mimo : Professional Certificates

Front-End Development | Back-End Development | Full-Stack Development

WORK EXPERIENCE

Manager and IT Staff, Boracay White Coral Hotel

July 2016 - January 2025

- I'm responsible for managing the OTA extranet, which involves maintaining and updating information related to room availability, rates, and promotions.
- As a channel manager, I'm handling connections between the hotel and various online booking platforms (like Booking.com, Agoda, Trip, Expedia, etc.). Monitor brand consistency across marketing channels and materials.
- I provide basic computer troubleshooting services, including reformatting and resolving software issues for both the hotel staff and guests.
- Oversee the troubleshooting of CCTV cameras, ensuring they function properly.
- Additionally, I review recorded footage for security purposes.
- I'm in charge of upgrading existing hardware (such as computers, servers, or networking equipment) and installing new items.
- Handling inquiries, providing quotations, and promoting the hotel on Facebook is vital for guest engagement.

- I'm in charge of troubleshooting hardware issues (such as reformatting) and cleaning up viruses on computers.
 - Managing payroll for the Luzon branch with over 150 employees is a significant responsibility.
 - Using Excel with Macro/VBA (Visual Basic for Applications), I automate processes and handle complex calculations efficiently.
 - Providing detailed and advanced sales graphs involves using Macro/VBA to extract, analyze, and visualize data.
 - Creating basic graphic designs adds a creative touch to my role.
-

EDUCATION

Bachelor of Science in Information Technology

2010 - 2014

National Polytechnic College of Science and Technology

Vocational Course : Computer Technolgy

2008 - 2010

National Polytechnic College of Science and Technology
